

# Heidi, Switch

I'm loosing my own sheet  
and I'm feeling scared like a baby  
But I should get over it soon  
But I keep on loosing my green  
I tell myself: get over it

Chorus:  
Don't you be so bitter  
Try to have a little fun  
See how it sparkles and glitters  
When you stay back into the sun

Keep a smile on your face  
You're in the right place dont you think you're wrong  
You are where you belong, yes  
See it is a matter of reach  
Light you choose to see things in switch

Chorus x2

Loose control  
Free yourself  
and get rid of the cold  
Stand out of your shadow

Chorus x2
