

Heinz Winckler, Never Got Over You

If I quote you a line from a Miramax movie
Would you unpack maybe come back to me
Trade all things and get something better
Could we have a future together
No one else feels the same
Nothing takes away the pain
Baby, you know its true

CHORUS:

If I dont know what to do
Its cause I never got over you
And the days are getting harder to take
And theres nothing else to say
But I want you back
Cause I never got over you

If I serenaded you at your window
With no coat in the middle of winter
Said I was sorry a thousand times
Cant you see that I was blind
No one else feels the same
Nothing takes away the pain
Baby you know its true

CHORUS

Its been another day lost
You know Id never give up
Til I get back to you
You know what you mean to me
I dont wanna be the enemy
Baby, you know its true

CHORUS x3
