Heinz Winckler, Never Got Over You

If I quote you a line from a Miramax movie Would you unpack maybe come back to me Trade all things and get something better Could we have a future together No one else feels the same Nothing takes away the pain Baby, you know its true

CHORUS:

If I dont know what to do
Its cause I never got over you
And the days are getting harder to take
And theres nothing else to say
But I want you back
Cause I never got over you

If I serenated you at your window With no coat in the middle of winter Said I was sorry a thousand times Cant you see that I was blind No one else feels the same Nothing takes away the pain Baby you know its true

CHORUS

Its been another day lost You know Id never give up Til I get back to you You know what you mean to me I dont wanna be the enemy Baby, you know its true

CHORUS x3
