

Hellacopters, Ain't No Time

I'm mad - conveniently sad
By things I want and never had
And I'm pushin' but not too hard
This one-way ticket will get me quite far yeah
Further into chaos with a one-track mind
I try to find myself girl but I'm just too hard to find

But I know - gotta go
Haven't got the information but there's one thing I know
Gotta go - gotta show those damn f**kers that I ain't no fool

There ain't no time to stop and look back
I ain't got time - I rather attack
I'm in deep shit baby but I'm takin' the piss
I tell ya' there just ain't no time (ain't no time)

There's no reason for me to choose
Eightball livin' got nothin' to lose
Bloodshot eyes and my head's in a rush
It's a gin-and-tonic happiness I'm sonically crushed

F**ked up shot down but I'm feeling alright
Feelin' fine it's gonna be my way tonight
My hands are shakin' from the coffee I had an hour ago
All shook up from that goddamn snow (ahh)

Gotta go - gotta show those damn f**kers that I ain't no fool

There ain't no time to stop and look back

I ain't got time - I rather attack
I'm in deep shit baby but I'm takin' the piss
I tell ya' there just ain't no time (ain't no time)

Ouh ahh ouh ahh yeaaahhhh!

There ain't no time to stop and look back
I ain't got time - I rather attack
I'm in deep shit baby but I'm takin' the piss
I tell ya' there just ain't no time (no time)
Ain't no time
I ain't got time
I ain't got time
Ain't no time

Ahh yeah ouh ouh!
