

Hellogoodbye, Asking Jessica To Be Official

La la la la la la la la

(geeze your stupid, we're trying to write a song here!)

In my bedroom dancing all night long

Is when i knew nothing could go wrong

You'd be the girl who's always on my mind

We're unofficial now I think its time

Maybe you and I-I-I (could be so much more)

Say you will be mi-i-ine

And I will be yours

Oh Jessica, Oh won't you be

My girlfriend, officially

Oh Jessica, Oh won't you be

My girlfriend, officially

"i think she'll like it"

"yeah"

"i dont think she'll get it"

"As in earth to Jessica"

"Its not like we're actually saying like the planet earth is calling you like Hello Hello.. OH SNA

Earth to Jessica, Ryan wants to be your boyfriend.
