

Hellogoodbye, Escape

You can run you can hide but you can't escape my love x2
(starts quiet gets louder)

Heres how it goes
You and me
Up and down but maybe this time
We'll get it right
Worth a fight
Cause love is something you can't shake
When it breaks
All it takes is some trying

Chorus:
If you feel like leaving
I'm not gonna make you stay
But soon you will find that
You can run you can hide but you cant escape my love x2

You should know
Its to hard
It's to hard just to forget the past
So fast
In the end
It was good but it was real but thats
All it takes
In the end, all that mattered

Chorus:
If you feel like leaving
I'm not gonna make you stay
and soon you will find that
You can run you can hide but you cant escape my love
But you can't escape my love

Here's how it goes
All it takes is some trying

Chorus:
If you feel like leaving
I'm not gonna make you stay
But soon you will find that
You can run you can hide but you cant escape my love x2
