

# Halloween, Come Alive

[Music : A. Deris / Lyrics : A. Deris ]

Yeah, bring it on, all right

It dont get better if youre locked behind your door  
It dont get better if youre hiding more and more  
It may get better if you fight  
It may get better if youd wear a mask and scream  
On Halloween

Come alive Come alive  
Rise and see Rise and be for me  
Come alive Come alive  
From the blue Make it true for You  
Come alive

It dont get better if youre acting for a while  
It dont get better if you drown in self denial  
It dont get better without pain  
It dont get better if you turn around and flee  
To ecstasy

Come alive Come alive  
Rise and see Rise and be for me  
Come alive Come alive  
From the blue Make it true for You  
Come alive

Solo: Gerstner
