

Halloween, Come Alive

[Music : A. Deris / Lyrics : A. Deris]

Yeah, bring it on, all right

It dont get better if youre locked behind your door
It dont get better if youre hiding more and more
It may get better if you fight
It may get better if youd wear a mask and scream
On Halloween

Come alive Come alive
Rise and see Rise and be for me
Come alive Come alive
From the blue Make it true for You
Come alive

It dont get better if youre acting for a while
It dont get better if you drown in self denial
It dont get better without pain
It dont get better if you turn around and flee
To ecstasy

Come alive Come alive
Rise and see Rise and be for me
Come alive Come alive
From the blue Make it true for You
Come alive

Solo: Gerstner
