

# Halloween, Gorgar

You're runnin' around in the gamblin' hall  
Every night it's the same  
You're lookin' for something new to play  
To win and have fun is your aim

A pinball speaks to you  
His metal voice is knockin' in your head  
You can't resist you'll have to play  
You're just another victim caught in the trap

[Chorus]

Gorgar will eat you, Gorgar - man you'll never win - hey  
Gorgar will eat you, Gorgar - but you keep on playin' - hey

Your blood is boilin' your eyes grow wide -  
Advance - too late  
Gamblin' fever has taken your mind - this fuckin' machine of hate

You spend all your money but you'll never win  
You're always the loser and the robot's voice keeps hammering

[Chorus]

Gorgar will eat you, Gorgar - man you'll never win - hey  
Gorgar will eat you, Gorgar - but you keep on playin' - hey

Wastin' money for fun every night  
Livin' for today no thoughts for tomorrow  
Man you are dead don't you realize  
Wake up and live before it's too late

[Solo: M/K]

[Chorus]

Gorgar will eat you, Gorgar - man you'll never win - hey  
Gorgar will eat you, Gorgar - but you keep on playin' - hey
