

Halloween, In The Middle Of A Heartbeat

Tell me pretty girl do you know who I am?
Have you ever seen me as your friend
Anything we have is those hungry nights
but there's so much left unsatisfied

All those little things you told me
ain't good enough to show me
That we're gonna make it through the time

I find out in the middle of a heartbeat
and I know that i'm doin' right
Together we're still so far apart
I find out in the middle of a heartbeat
And the more I try to be your light
I can't get any closer to your heart

Now that I'm afraid just to ask for more
I'm still waiting as I did before
If you only sad that it's not too late
We could then rely upon our fate

All those little things you tell me
could bear enough to show me
That we're gonna make it through the time

I find out in the middle of a heartbeat
and I know that i'm tellin' right
Together we're still so far apart
I find out in the middle of a heartbeat
And the more I try to be your light
I can't get any closer to your heart

I find out, I find out

I find out in the middle of a heartbeat
and I know that i'm doin' right
Together we're still so far apart
I find out in the middle of a heartbeat
And the more I try to be your light
I can't get any closer to your heart
