Helloween, Mrs. God

[Music: A. Deris / Lyrics: A. Deris]

Mrs. God, am I right?
That's your real address?
This time it's you
Ready to confess?
Free the masculine world
Cancel their humility

Mrs God, can it be?
Can You be alike
One dressed to kill
Walk-on-high-heel-bride?
This would state and explain
Why men are sometimes stumbling

Mrs God Are You there Laughing at us is not fair Mrs God Can You see All that shit You've done to me (and us!)

Mrs. God, may I say As wild card of my kind We're so deceived (yeah!) You'd better left us blind

Mrs God, we are cool We take it with a smile But don't be cruel Let's add it to the file And in some 100 years God has always had a beard
