

# Halloween, Murderer

He said get out of here nobody wants you here  
You smashed his head and the man died  
And there's a murmur loud  
From the appearing crowd  
Searching for motives and reasons why

Now take a look at yourself and you'll see  
What you are in the eyes of the world  
You didn't want it but now he's dead  
And you're on the run from the law

[Chorus:]

You're a murderer - in every town  
murderer - to the whole world  
murderer - you're on the run  
murderer - you'll have to kill...again!

And like an animal which escaped from the cage  
They're hunting you over their holy land  
Traps waiting everywhere you fall in deep despair  
Darkness and night your only friends

One day the chase will be over for you  
And you'll find your own peace in the end  
Some day you will find sanctuary  
Death!...but so long my friend!

[Chorus]

Look for a safe place where noone will find you  
And try to escape from the law  
Wherever you are there's a killer behind you  
Wanting to get you for sure  
To lose the fear that one day he will get you  
Be faster and kill him and run  
Now you don't have to fear him no more  
But in his place another headhunter will come  
...run away!
