

# Halloween, My God-Given Right

What should I wait what is left there for me  
I come to claim to win the game  
What should I believe  
I come to play, I came to stay

I don't want .. , no more!  
I don't want to stay back any more  
It's My God-Given Right

To stand and fight for what I love  
It's My God-Given pray  
That... and pain what will say  
That's nothing to gain  
If I will restrain  
That's nothing to fight if I stay behind  
It's my right  
My God-Given Right

What should I lose if I .. to win  
I know, I can  
I've got a plan  
All that they told me are lies and so wrong  
I went to schools, obey the rules

I don't want .. , no more!  
I don't want to stay back any more  
It's My God-Given Right

To stand and fight for what I love  
It's My God-Given pray  
That... and pain what will say  
That's nothing to gain  
If I will restrain  
That's nothing to fight if I stay behind  
It's my right!  
It's my God-Given Right

It's My God-Given Right  
My God-Given Right  
It's My God-Given Right  
My God-Given Right  
It's My God-Given Right
