Hellsing - Soul Polic Chapter's Reverse-side Circumstance

Shooby dooby shooby dooba
Shooby dooby dooby dotowa

Party, party, party, party

Counterfeit watcher
Everything is a comedy show
Showy blown kamikaze
That is a fiction, unfortunately a fiction
Somewhat it became a cheerless situation

Party, party, party, party

Rain of sadness
Hey, you are crying all the time
In a little bit, your dream will come true
Smoking hashish cigarette
The rain stops and the sun comes out
Conclusive factor of melancholy
Can't you say into the fog of Tokyo
OH baby, baby OH baby, baby
This love song is not a lie
Tomorrow is gone, so let it be
