

# Helmet, Clean

Spread your mind the fish feed  
Don't ignore my speech my  
Heart bleeds  
Make yourself the perfect butt  
Some passing thought, I don't know what  
    Don't remind me, I'll take  
    What I need to  
Get back in case the door swings and  
Don't forget to hide  
Your mood rings  
Fit to tie  
I thought I knew good company  
I'd like to be you  
    You're right behind me and  
    Mouth all I read  
    Don't remind me, I'll take  
    What I need to  
    You're right behind me and  
    Mouth all I read
