

# Henry Fiat's Open Sore, Proto Geek

In the garden of Eden  
In the middle of last week  
There was Adam and Eve  
Plus myself, a.k.a. the Proto-Geek  
Feel alone? Just date the snake  
Since you're wheel no. 5, just accept your fate

Proto-Geek, Proto-Geek  
The future's lookin' god damn bleak  
Proto-Geek, Proto-Geek  
It's a pest when you're the best at suckin' the worst  
Hup-two, left right, ein zwei  
Proto-Geek

The godfather of Smiths  
and blueprint for all dorks  
Never could talk that talk or walk that walk  
Feel alone? Just date the snake  
Since you're wheel no. 5, just accept your fate

Proto-Geek, Proto-Geek  
The future's lookin' god damn bleak  
Proto-Geek, Proto-Geek  
It's a pest when you're the best at suckin' the worst  
Hup-two, left right, ein zwei
