

# Henson Cargill, Walking On New Grass

Hey I'm like a cloud driftin' from town to town  
And each new love just helps me on my way  
And no one woman's ever gonna tie me down  
When one gets too close I just back up and say  
I gotta be walking on new grass singing a new song  
Tomorrow there's no telling where I'll be  
I gotta be walking on new grass singing a new song  
The next time up the road keeps calling me  
( dobro )  
Now I'm warning you don't fall in love with me  
Cause I don't plan on staying here too long  
And you're just a leaf caught in a playfull breeze  
And I'll carry you a while then I'll be moving on  
I gotta be walking on new grass...  
Yeah the next time up the road keeps calling me
