

Hepcat, Bobby And Joe

Bobby and Joe out there do the rambo
Doin' that dance that no one ever know

CHORUS

Playing is a big big band while they're swinging
Playing is a big big song for the dance

First you move up your gun
Hold it straight to the sun now

REPEAT CHORUS

Then you bounce up the dance
It can keep you in a trance

REPEAT CHORUS

Bobby catch Joe mid-day on the patio
playing with a woman like no girl ever know
She pull out a big big gun from her pocket
point it down straight at the crotch of his pants

Bobby she do the rambo
Joe he get a big hole

REPEAT CHORUS
