

# Hepcat, Secret

Ooh we know, yes we know now  
Ooh we know, yes we know now

You're trying to keep it a secret (why must you try so)  
That you found a brand new lover  
You're hoping that you will believe it (why must you lie so)  
That you both love one another

Everyone's watching you,  
Everyone's testing you  
Are you sure you're ready,  
Ready to marry

Ooh we know, yes we know now  
Ooh we know, yes we know now

You know that everyone gossips (a-do you really want to)  
You know that we all know  
You cannot keep it a secret (do you know, do you know it)  
So you're trying to be alone

Everyone's watching you,  
Everyone's testing you  
Are you sure you're ready,  
Ready to marry

Everyone's watching you,  
Everyone's testing you  
Are you sure you're ready,  
Ready to marry

(Ooh we know) Yes we know now  
Ooh we know, yes we know now  
Ooh we know, yes we know now  
Ooh we know, yes we know now
