

# Herman Brood, Hot Talk

Hot talk in the street  
people goin' downtown  
a-rollin' their sleeves  
spittin' their gum &  
leavin' their tracks

for something new - something to do  
how does it feel to be . insane  
you gutterhero hangin' round  
y'r suicide embrace  
too many kids in the rain  
it's hard to ignore their pain

hot talk - really got me flowin'

too tough - you got me growin'

handfull of high, cool in my mind  
quarter of a million to spend in my time  
suffer like a saint & crack ev'ry chain  
for something new - something to do  
how does it feel to be . insane  
you gutterhero hangin' round  
y'r suicide embrace  
too many kids in the rain  
it's hard to ignore their pain
