Herman Brood, Nightcat

My baby's face shines like a sun lipstick & amp; powder won't help her none she's a nightcat foolin' round she's goin' to some fast place stays out all night long comes home in the mornin' tells me nothin' is wrong she's a nightcat foolin' round

Look out for the nightcat she knows where it's at be sure to tell no lies the truth is in her eyes

Goin' to the racetrack see my baby run

she ain't no kingsize but she's a fast son of a gun she's a nightcat foolin' round I don't need no sugar in my tea this cat of mine she's sweet enough for me she's a nightcat foolin' round

Look out for the nightcat she knows where it's at be sure to tell no lies the truth is in her eyes

Just like a nightcat creepin' out the back
