

Hey Monday ft. The Cab, Take My Hand

Calm your nerves now
And don't worry, just breathe
Are you sure now?
Don't bother packing
Let's just leave
(All of them said)
They wanted change
I hope that you remain the same
To show that this is not a game
Let's end this tragedy today
Now take my hand and we will run away
Down to this place that I know
How did this night become the enemy?
It's over, it's over, it's over
Lay down with me
And let me hold you
Baby, just breathe
This is ending
We will get through eventually
(All of them said)
They wanted change
I hope that you remain the same
To show that this is not a game
We'll end this tragedy today
Now take my hand and we will run away
Down to this place that I know
How did this night become the enemy?
It's over, it's over, it's over (x2)
We won't be a part of
We won't be a part of this
We won't be a part of
We won't, we won't
Take my hand and we will run away
Down to this place that I know
How did this night become the enemy?
It's over, it's over, it's over
Now take my hand and we will run away
Down to this place that I know
How did this night become the enemy?
It's over, it's over, it's over
Take my hand and we will run away
Down to this place that I know
How did this night become the enemy?
It's over, it's over, it's over now
We won't be a part of
We won't be a part of this
We won't be a part of
We won't, we won't
