

# Hi Standard, Just Rock

Realize what's in front of you  
Don't believe everything you hear  
Is it true you heard a rumor  
TV and 'zines have made an ass of you

Just rock  
Just rock your f\*\*kin' self  
Just rock  
Know who the f\*\*k you are

What's your style? Whose clothes do you wear?  
Don't you know fake charisma must die?  
What the f\*\*k? If I wore tight pants  
You wouldn't be listening to this song

Don't care what the TV is saying  
I'd rather rock  
That's right, that's right  
Don't care what the people are wearing  
I'd rather rock  
That's right, that's right
