

Hi Standard, Kiss Me Again

How long does it last?
Am I gonna lose this happiness?
I'm not guaranteed with me from now.
This was realized in the beautiful sunshine.
Will you love me when I'm old and fat?
Will you kiss me when I lose my hair?
If I ask you maybe you get those eyes.
So I keep it in my heart.
Kiss me again.
Show me a little of love tonight.
Kiss me again.
It won't be bad to die tonight.
You always say
"Take care of yourself".
I think I don't care, cause I'm a punk.
I'll be a good boy.
I promise now.
Eat everything that you make for me.
Will you love me when I'm old and fat?
Will you kiss me when I lose my hair?
Without your help I can't stand this life.
Though I feel some misery.
Cast a spell on me darling.
