

Hi Standard, Sunshine Baby

My heart jumped and started to fly to the sky.
Over the heavy clouds.
Now I got the sun, you are the sunshine.
I have never felt like this,
You are one in a million.
Sunshine baby, I'm a lucky man.
I'm living in the same age with you.
Don't you think it must be a miracle.
That we met in this wide, wide world.
My knowledge to give, your love to receive.
Good times with the bad times.
Baby we can get through this life.
Sunshine baby, I'm a lucky man.
I'm living in the same age as you.
Don't you think it must be a miracle.
That we met in this wide, wide world.
