Hi-STANDARD, Wait for the Sun

I'm just a boy who makes mistakes. Sometimes I feel like kicking my own rump. Have no money, but big dreams. Fight my way and wait for the sun.

Yes I still believe! Wait for the sun...

Don't make light of me. Don't make light of me. I win by all means. I shall never give up. Draw my chin, in a fighting pose. Keep breathing through till I fall down. Nothing gives me more pleasure than change the world.
