

Hi Standard, Who'll Be The Next

But you won't start.
And you're always making jokes.
>From morning until the end of day.
Where you going?
And you're always making jokes.
Who'll be the next hero?
Don't keep me waiting anymore.
Who'll be the next hero?
But you know the party isn't over yet.
You will find it when I'm gone.
Don't lose your way.
I'm walking on the street.
Searching for a work.
But there is none!
There's no harmony for me.
It's not over yet.
Do you really got the climax?
