

High Contrast, Wish You Were Here

I hope you can still hear me,
Though you're far away,
I wish you were here beside me,
What more can i say.

So listen every evening,
And i will sing a song for you,
I pretend you here beside me,
What more can i do.

Something come between us,
But i dont wanna know,
The feeling here between us,
Can all we ever know.

So listen every evening,
And i will sing a song for you,
I pretend you here beside me,
What more can i do.

So listen every...
Caaan i do...
Beside me...
Caaan i do...
So listen every...
Caaan i do...
Beside me...
Caaan i do...

I hope you can still hear me,
Though you're far away,
I wish you were here beside me,
What more can i say.

So listen every evening,
And i will sing a song for you,
I pretend you here beside me,
What more can i do.

Something come between us,
But i dont wanna know,
The feeling here between us,
Can all we ever know.

So listen every evening,
And i will sing a song for you,
I pretend you here beside me,

Caaan i do...
Beside me...
