

# High School Musical, What I've Been Looking For

Ryan:

Its hard to believe  
That I couldnt see

Razem:

You were always there  
Beside me

Thought I was alone  
With no one to hold

But you were always  
Right beside me

Sharpay:

This feelings like no other

Razem:

I want you to know  
Ive never had someone  
That knows me like you do

The way you do

Ive never had someone

As good for me as you

No one like you

So lonely before

I finally found

What Ive been looking for

Sharpay:

So good to be seen

So good to be heard

Razem:

Dont have to say a word

Ryan:

For so long I was lost

So good to be found

Razem:

Im lovin havin you around

Ryan:

This feelings like no other

Razem:

I want you to know

Ive never had someone

That knows me like you do

The way you do

Ive never had someone

As good for me as you

No one like you

So lonely before

I finally found

What Ive been looking for
