

Higher, Pace Yourself (Patrick Stump Remix)

You can't write the same song over again
Can't write the same song, write the same song
You can't write the same song over again
Can't write the same song, write the same song
Can't, can't, can't...

You can't write the same song over again
It's in the same key
Well over again, oh yeah
You can't write the same song over again
It's in the same key
Over again
Because we're doing so good
Making up for miles just a little while like you would
Under-estimating, you know you think we're doing so good
I'm glad to be a part of the glass that you placed upon your withered heart
Encased and left for danger
In a race to the rode on the way to apathy
It's life's little let down, spontaneity
Spontaneity, oh yeah

Can't, can't, can't...

You can't write the same song over again
It's in the same key
Well over again, oh yeah
You can't write the same song over again
It's in the same key
Over again
Because we're doing so good
Making up for miles just a little while like you would
Under-estimating, you know you think we're doing so good
I'm glad to be a part of the glass that you placed upon your withered heart
Encased and left for danger, danger
In a race to the rode on the way to apathy, oh yeah
It's life's little let down, spontaneity
It's spontaneity

Can't, can't, can't...
