

# Highlord, Phoenix's Fire

I've crossed the holy flame  
Blood of Gods flows in my veins  
I feel my soul burning  
Visions of death gripping my mind  
Charming beauty, queen of passions  
Lurking eyes full of pleasure  
You chained me, you fooled me  
I sacrificed my soul for your love  
"With you, we promise, we shall rule!"  
I'm not a pure soul  
"The Dark inside your heart is true!"  
But my fire still lives on  
Skies of my land  
Hear my pray  
I've lost my soul...  
I've lost whom I loved!  
I'm facing my fate  
Without fear  
Burn for the last time  
Phoenix's Fire!

Clouds are going by  
Winds of Magic blow so strong  
And I'm praying, I'm waiting...  
I know it shall be my last fight  
Enchanted stones of another age.  
Keepers of mystic knowledge,  
Are burning, are shining  
Trying to face the darkest power  
"With you, we promise, we shall rule!"  
I'm not a pure soul  
"The Dark inside your heart is true!"  
But my fire still lives on  
Skies of my land  
Hear my pray  
I've lost my soul...  
I've lost whom I loved!  
I'm facing my fate  
Without fear  
Burn for the last time  
Phoenix's Fire!

"Look into our eyes, we are the meaning of all your inner fears!  
Don't try to fight us, we are eternal, ...you know...we call you Brother!...."

Asur, sons of the Earth look at my death  
I am the chosen one, I survived the Flame  
I've spent all my life thorough shadows and dreams  
Here in my last fight I'll defeat all my Fears!
