

Hilary Duff, Girl Can Rock

Hey!

Ready for the big time, ready for the small
Whatever's comin' to me, I'll be ready for it all
Sometimes it ain't easy, sometimes its not polite
Some days I don't get it, some days I get it right

[Chorus:]

It's in my heart, it's in my head
Thats what i said

Hey Boys are you ready for the shock
I'm living proof, the girls can rock
Spread the news around every single block
Hey boys, the girl can rock

Standin' in the spotlight workin' up a sweat
Givin' all i got and lovin' what i get
I can't hold back what i feel inside
and if i make you nervous, you better step aside

[Chorus]

The girl can rock
Don't say maybe or call me 'baby'
I ain't crazy at all

[Chorus 2x]

I'm gonna live it up
I'll never give it up
I'm gonna spread the news around the block
It ain't no shock...the girl can rock [3x]

Yeah, Rock!
