

# Hilary Duff, Outer Space (Unlimited)

He has  
The cutest smile  
But she says  
To wait a while  
For what I can't explain  
I think I'm going out of my brain

Out in outer space  
We could not find a trace  
Of even the little peice of hair  
And I can go anywhere  
Anywhere  
In outer space

Together we are  
We are unlimited  
So unlimited  
I just feel like a criminal  
I'm takin' you away from her  
I'm like a puppy dog  
I can see right through the thick fog

Out in outer space  
We could not find a trace  
Of even the little peice of hair  
And I can go anywhere  
Anywhere  
In outer space

I can't wait to get out(Of my shell)  
Come on kid's please don't pout  
We'll still be together  
Forever and ever

Out in outer space  
We could not find a trace  
Of even the little peice of hair  
And I WILL go anywhere  
In outer space  
We could not find a trace  
Of even the littlest peice of HAIR  
We can go anywhere  
Anywhere  
Anywhere  
In outer space
