

Hilary Duff, Party Up

You are driving me out of my mind
'Cause you take me everywhere but out at night
What more do you need for me to get with you

[Chorus:]

I didn't see this coming
Why don't you start me up?
There's no more messin' around
(Come on and light me up)
This could be the start of something
Why don't you party-up
Time for you to come on down

I dream about it in my sleep
You seem to like me better when I creep
This time I won't lose

[Chorus]

You roll me, you use me, you love me and then
You wrap me up and reel me in and use me again
You love me, you hate me, you say it's the end
I know you're gonna do it again and again...

[Chorus x2]
