

Hilary Duff, You Got It

So you want me
Well you can take me
I'm for free
I can take it
I love music
Don't take that away
Keep the radio
and please, please, please
Let me stay

Chorus:
(You got it!)
Take my hand
Are you my friend
I wanna live
For you
You want it
You got it
Here I am
So just take it
You got it!

Let me hear the sound of your voice
Kickin' right through all the noise
Oh, I want you to take me away
Or else I'm just gonna rot away
I wanna hear that music again
please, please, please Let me stay
(CHORUS)

OH
Listening to your voice is like music
to my ears
Oh, I just wanna start cruising down the highway
All alone in the back of a taxi
You can always track me
I don't care
(CHORUS)

You got it
Just take it
you got it!
