

Hildegard Knef, I Travel Alone

I travel alone
Sometimes I'm east
Sometimes I'm west

No chance can ever bind me
No remembered love
Can ever find me

I travel alone
Fair though the places
And faces I've known

When the dream has ended
And passion has flown
I travel alone

Free from love's illusion
My heart is my own
I travel alone

Free from love's illusion
My heart is my own
I travel alone
