

# Hillsong Church, More Than

Your eternal Word  
Formed the universe  
And You speak to me  
Whisper I'm Your greatest love

You're the saving Lord  
Beauty in a storm  
Everything I need  
More than I could ever want

You are my heart's desire  
I have fallen to the point of no return  
More than my heart could know  
More than in love with You.
