

Hillsong United, I Belong To You

Open arms welcome me close to your heart
and there I long to stay
Mercy Falls cleansing my heart with your love
whiter than the snow

I belong to you
Jesus my first love
Your everything i'm living for
Your the joy i know the treasure i hold dear
I burn for you
My eternal love

Take my life, join me forever with you
Make our heart as one
Perfect love
driving away all my fear
Freedom i've found

I belong to you
Jesus my first love
Your everything i'm living for
Your the joy i know the treasure i hold dear
I burn for you
My eternal love
