

Hillsong United, Look To You

So I look to You
So I look to You
No one else will do
No one else will do

I know You love
me I know You died for me
I know You care
I know You care

I know You live again
Your life for all my sin
Now I stand here in
In Your grace again

When I look into the sky above
Wonder how my life has changed
Wonder how Your love, it came to me
When I look into the sky above
All my fears, so far away
All I hear is heaven calling me

So I look to You
So I look to You
No one else will do
No one else will do

I know You love
me I know You died for me
I know You care
I know You care

I know You live again
Your life for all my sin
Now I stand here in
In Your grace again

When I look into the sky above
Wonder how my life has changed
Wonder how Your love, it came to me
When I look into the sky above
All my fears, so far away
All I hear is heaven calling me

So I look to You
So I look to You
No one else will do
No one else will do

When I look into the sky above
Wonder how my life has changed
Wonder how Your love, it came to me
When I look into the sky above
All my fears, so far away
All I hear is heaven calling me

So I look to You
So I look to You
No one else will do
No one else will do
