

# Hillsong United, Seeking You

It's You I can't escape  
Your love has me surrounded  
In every way  
So I surrender now  
And raise my hands  
All I want is You (All I want is You)

You have carried me  
Through many storms  
And many raging seas  
You rescue me  
In my hour of need  
And all I want is You (All I want is You)

Chorus  
I'm coming to You  
For the love that I need  
I'm desperate for Your touch  
I'm seeking You  
I'm seeking You

You're always by my side  
My closest friend  
In You I can rely  
You're with me  
Every moment of my life  
All I want is You (All I want is You)
