

# Hillsong United, You Take Me Higher (Hillsong)

I remember the first time  
Your love reached deep  
Into my world  
You read me  
Like an open book

You took all the pieces  
And made my life complete  
In You  
I soar on the heights  
Of Your love  
Dive the depths of Your grace

You take me higher  
'Til I see beyond the storm  
Surrounding me with Your love  
I turn to find You near

You take me higher  
You lift my head to open skies  
Your fire burns within my soul  
Abandoned to Your call

I take the hand of One  
Who knows me  
From the inside out  
He guides me through  
The streets of life

He take me through  
Open doors  
They open onto fields of white  
He tells me to see  
And perceive  
And to hear their cry

You take me higher  
'Til I see beyond the storm  
Surrounding me with Your love  
I turn to find You near

You take me higher  
You lift my head to open skies  
Your fire burns within my soul  
Abandoned to Your call
