</lyrics>

If it's only half, I won't give it to you; I want you to take it all
Even if it's the worst, I don't care; I hate candy that's too sweet, BREAK DOWN
There are no such things as problems; I won't tell you my cell phone number
If it was destiny, then I dreamed of rebirth for 1 second

I'm proud to the point that my lips hurt from my biting on them
But I can't help it, I can't go back
Hey... Is this love?

What should I do?
I tremble, I tremble
Touch my soft core
After a terrible bitterness, a sweet dream gushes out
Look, we'll connect, we'll connect
Catch me with a gaze that wraps around me
"Do you love me?"
I can't hear that

Forgive me for being sensitive; I can't stay still
If it's a pure love, it'll destroy me; I want to give you the magic of sighs

With your lips, touch my scar that is known as loneliness
I can't stand it anymore, I can't move
Hey... I might drown

What will you do?
I overflow, I overflow
Scold my endless impulses

Like a light dizziness, I feel good but unstable
Look, we'll connect, we'll connect
Come up to my impatient fingertips
"That's right, only my love is real"
I wonder if that's a little heavy

What should I do?! I tremble, I tremble
What will I do?! I overflow, I overflow

T-h-a-t-'s b-a-d
I tremble, I tremble
Touch my soft core
After a terrible bitterness, a sweet dream gushes out
Look, we'll connect, we'll connect
Catch me with a gaze that wraps around me
"Do you love me?"
Please, Bitter Tune
Don't leave me...
