

# Hippos, Bad Grammar

I dig you cause your fashion is so keen  
I dig the way you look in those tight jeans  
And I don't wanna wait any longer to tell you  
What's on my mind  
I thought you'd want to know  
What's driving me mad  
Girl you got that certain something  
I wish I had  
I need so bad  
I dig you cause your grammar is so good  
You call me on my bad habits  
I should pay more attention to my conversations with you  
I thought you'd want to know  
What's driving me mad  
Girl you got that certain something  
I wish I had  
I need so bad  
So I'm not over you at all  
I miss that way you love to make me feel small  
Won't you please come back to me?  
I'll make you happy  
You'll see  
I thought you'd want to know  
What's driving me mad  
Girl you got that certain something  
I wish I had  
I need you so bad
