

# Hole, Drown Soda (Live Version)

Oh yeah, he wants to take you  
Take you away from your life  
Oh yeah, he wants to take you  
Take you away from your lies

Oh yeah, he wants to take you  
Take you by the hand  
Oh God, just let him rape you  
Baby, I think you'll understand

Just you wait til everyone is hooked  
Just you wait til everyone is hooked  
Just you wait til everyone is hooked  
Just you wait til everyone is hooked

Oh yeah, he wants to take you  
Take you by the hand  
Oh baby, let him break you  
Then I think you'll understand

Are you gonna sit and watch me  
Watch me while I go down  
Are you gonna sit and watch me  
Watch me while I drown

Oh God, he wants to take you  
Take you away from your life  
Oh God, he wants to break you  
Take you away from your lies

Oh yeah, he wants to take you  
Take you by the hand  
Oh baby, let him break you  
Then I think you'll understand

Are you gonna sit and watch me  
Watch me while I go down  
Are you gonna sit and watch me  
Watch me while I drown

Oh God, he wants to take you  
Take you away from your life  
Oh God, he wants to break you  
Take you away from your lies

And I sit on the corner and I drink drown soda  
I wanna bomb the whole state of Minnesota  
Yeah baby oh  
Yeah baby oh

And it's been a while, I'm a little annoyed  
I'm gonna fuck the whole state of Illinois  
Yeah baby oh  
Oh

Yeah, poor little shit, he's got no place to go  
I'm gonna fuck the whole state of Ohio  
Yeah baby oh  
Yeah baby oh

She sits on Broadway with a rattle  
She's gonna fuck the whole city of Seattle  
Yeah baby oh  
Baby oh
