

Hole, Dying (Demo)

You tear it all away
And feed me nothing
And I feel so lost
You give me nothing

I'm dying, I'm dying, please
I'm dying, I'm dying, please
I'm dying, bring it back to me
I'm dying, please

You steal my gravity
For love I'll always beg
Life in captivity
You come to bury me

I'm dying, I'm dying, please
I'm dying, I'm dying, please
I'm dying, bring it back to me
I'm dying, please

You make it go away
And now I understand
It's part of everything
In the rain

I'm dying, I'm dying, please
Make it all go away

I'm dying, I'm dying, please
I'm dying, I'm dying, please
I'm dying, I'm dying, please
I'm dying, I'm dying, please

Make it all go away
I'm dying, I'm dying, please
Tear my heart in two
I'm dying, bring it back to me
In my history
I'm dying, bring it home to me
