

Hole, Softer, Softest (From Mtv's Unplugged)

I give you everything
I hope you give it back to me
I told you everything
Just never tell on me

The pee girl gets the belt
Your milk makes me melt
Your milk is so sour
Baby, I can only cower
You have all the power
Baby, I can only cower
You have all the power

I've got a blister from
Touching everyone I see
The abyss opened up
It took everything from me

The pee girl gets the belt
Your milk makes me melt
Your milk makes me sick
Baby, your milk has a dick
Your milk has a dick
Baby, your milk has a dick
Your milk has a dick

Burn the witch
The witch, she's dead
Burn the witch
Just bring me back her head

The pee girl gets the belt
Baby, your milk makes me melt
Your milk is so mean
Baby, your milk turns to cream
Your milk turns to cream
Your milk turns to cream
Your milk turns to cream
Your milk turns to cream
Your milk turns to cream
Your milk turns to cream
