

# Hole, Where Did You Sleep Last Night?

(Leadbelly)

My girl, my girl

Don't lie to me

Tell me where did you sleep last night

In a patch, in a patch

Where the sun never shines

And my body shivered all night

My girl, my girl

Don't lie to me

Tell me where did you sleep last night

In a patch, in a patch

Where the sun never shines

And my body shivered all night

Her husband was a hard working man

Killed a mile and a half from here

His head was found on a driving wheel

And his body never was found

My girl, my girl

Don't lie to me

Tell me where did you sleep last night

In a patch, in a patch

Where the sun never shines

My body shivered all night

My girl, my girl

Where will you go

To a place where the cold wind blows

To a patch, to a patch

Where the sun never shines

And my body shivers all night

My girl, my girl

Don't lie to me

Tell me where did you sleep last night

In a patch, in a patch

Where the sun never shines

And my body shivered all night
