

Holly Dunn, Leave One Bridge Standing

Boy I can't believe you'd walk out on me
When I thought our love was so strong
Honey I'll set you free if that's what you need
Even though I know it's wrong

So go on and go your way say what you got to say
You're determined on turning away
When those nights get cold and your new life grows old
And you get a heart full of being alone
You better leave one bridge standing
So you'll have a way back home

It's the same old scene where the grass looks green
Growing high on the other side
There's a lot of fools out there lovers who just don't care
They're gonna take you for a ride

So go on and go your way...
[guitar]
So go on and go your way...

You can leave one bridge standing
So you'll have a way back home
