

# Holly Tree, Glad Boys

Hey! You man what's in your mind? He doesn't know

Being a jerk all the time, now he knows  
Sick aggressions for free, hey you suck  
And everybody knows that, can't you see?

For you I'm the sucker, but I know you're the sucker, stupid sucker

"Turn around and face the wall"

Everybody knows,  
You're so useless,  
We're alright so fuck you  
And you're so glad,  
About that gun in your hand,  
We're alright so fuck you

Every night you'll be there to fuck, you suck  
You make people feel stuck  
I hope you never get close to me, he'll get  
Cause you're always the shit, how he knows

"Hey kids you're fucked up"
