

# Holly Tree, Intoxicated

it's better if you dont taste it  
cause you'll need it more  
please don't leave me alone  
don't make my life so lonely  
you have to help me  
i wanna get out this hole  
my mind is so confused  
my freedom was stolen

i think i am intoxicated  
intoxicated i think i am

i'm in the dark side  
my head is in jail  
now i'm footless and all i do  
will be a failure  
nobody likes me that way  
but they don't even care  
i don't have nothin' to do  
nothin' to share
